*Title : Bandung Tourism City Guide Design For Teenager  
Backpacker*

*Let's look at Bandung which is the area most in demand by local tourists apart from Yogyakarta, Solo, Bali and elsewhere. Bandung also has the advantage of the many attractive tourist sites, and many varied culinary creative than other cities. In addition, many several buildings of historical relics of the past, which is one uniqueness traveled in Bandung moreover has good public facilities and infrastructure pembedaan today that directly help the tourism sector in the city itself, the presence of city parks add to the list of new sights cheap and perfectly suited for the backpacker, not much information about the city parks thematic and heritage buildings in the city of Bandung to local tourists make bandung only known as a city of culinary and fashion alone. Designing a photography-based Guidebook is the solution to cause the interest of tourists, especially among young people to come to the city of Bandung.*
