

ABSTRACT

Education is a conscious and well-planned effort to create an atmosphere of learning and learning process so that learners actively develop their potential to have spiritual spiritual power, self-control, personality, intelligence, noble character, as well as the skills needed by him / her. The low achievement of students who decreased due to lack of facilities and facilities available at school. The purpose of this final project design is to be able to facilitate every need needed and answer the problems contained in Fithrah Insani Integrated Islamic Primary School with solutions that can be completed with interior design. Integrated Islamic Primary School Fithrah Insani is a religious-based private school by instilling a vision for students to have a true aqidah and morality islami, berilmu and independent.

In answering every problem that occurs in an Islamic unified primary school, the designer applies the theme of "integrated Islam" with the concept of "The Spirit of Curiosity". It is reviewed from several aspects based on the location, foundation, and identity of the school listed on the mission's vision. Implementation that is done on the theme and the concept used in view in terms of Islamic atmosphere, the selection of materials, and the function of the school.

Design results with themes and concepts are expected to answer the problems that exist in the Integrated Islamic Primary School Fithrah Insani Cimahi which then applied to the design of the Integrated Islamic Primary School Fithrah Insani Cimahi
