

ABSTRACT

"Interior Design Museum MVB (Macassarche Voetball Bond) In Makassar" is the title of this interior planning project. A way of planning a room that can serve as a showcase of exhibiting, caring and storing that is educational and entertaining. Location of this planning is in the way of Lake Tanjung Bunga, the city of Makassar, which is precisely located in Tanjung Bunga area. Planning and Interior Design Museum MVB (Macassarche Voetball Bond) In Makassar is limited to interior elements, especially in terms of spatial planning and centralize planning and design on the placement of layouts, furniture and consider the selection of colors associated with modern and in accordance with the theme. Where from all these considerations are enabled as the development of the basic idea that is poured into the design you want created at the Museum MVB In Makassar. The formulation of the problem shown is how to design the interior of the Museum MVB interesting and can provide information / education about the history of the PSM as a complete museum of education, and entertainment. The purpose of this work is to plan the MVB museum located in Makassar City which is intended for soccer fans who do not have a special place to accommodate, showcase the football club football collection PSM, therefore with the design is expected to accommodate these activities. The target of the design is to cultivate the interest of public sports, especially soccer sport and increase the interest of the community to learn the museum of football club PSM Makassar. Interior Design Museum MVB (Macassarche Voetball Bond) In Makassar is beneficial for the community to be able to provide insight and knowledge about Makassar football.
