

ABSTRACT

Islamic boarding school is an islamic education institution which include several different activity which are worship purpose, living purpose, learning function and office purpose. The existence of Islamic Boarding School is very important because it play a big role in building islamic generations that is acording to Al-Quran and Hadist Shahih that needed in this era. Its role as a support education facility in Islamic Boarding schools, affect the performance of the students and teachers. Sabilunnajah Islamic Boarding school is an islam educational modern institution, specially for men that located in Bandung regency which apply Al-quran and Hadist Shahih in learning curriculum and building aspects. Based on the results from the survey at the existing conditions of Sabilunnajah Islamic Boarding School and three cottage as a survey which are Eco boarding school, Sukamiskin Islamic Boarding School, and Insan Madani Cendikia (ICM), found common problems which are some agencies still apply the traditional education system both in the curriculum as well as in the building itself and the how the concept of islam should be applied to the boarding school building. Redesign of the Sabilunnajah Islamic Boarding School needs to be done for facilitating activities based on the Al-quran and As-Sunnah according to Salafussalih understanding which is modern, complete, and interesting. This redesign focused in designed education facilities based on interior design knowledge with the principle understanding from Al-quran and As-Sunnah as the basis.

Keywords : Modern Islamic Boarding School, Principles of understanding Al-quran and Hadist Shahih, Interior Redesign, Smart Interior.
