

ABSTRACT

Taman Budaya is a place or container provided by the Government to showcase art and cultural activities. Art is a cultural product of a nation, the higher the value of one nation's art the higher the cultural value contained therein. Art as an important part of culture is never separated from society, because art is a means to realize all forms of human creativity expression.

Taman Budaya Kalimantan Barat is a space for artists to appreciate the work to develop the arts and culture of Kalimantan Barat in particular. Kalimantan Barat has a wide variety of cultural arts, where this cultural art is found in almost all areas. Many interesting things of art and culture are found in Kalimantan Barat province.

Taman Budaya are built in almost every area for the purpose of exploring, preserving, developing and exploiting the cultural arts of each region through positive activities that can build young people's spirit in preserving the cultural arts in their area. This design is based on the needs that are not met by the perpetrators and art lovers and even tourists who come. With the improvement of facilities and additional provided to support all.
