Islamic Boarding School Tahfidz and Enterpreneur Thursina YBM PLN are junior and vocational education institutions owned by the Baitul Maal PLN Foundation, located in Joglo, Cibereum Village, Kec, Cisarua, Bogor Regency, with an area of 2 hectares, surrounded by mountains and beautiful landscapes.

This boarding school is only for men, both students and teachers. Free education and housing fees for all Indonesian children who do not have fathers or orphans.

This boarding school has a superior program that is Tahfidz and entrepreneurs. Since the school was just operational in August 2019, it was found that there were many deficiencies in teaching and learning facilities, dormitories, offices and fields for sports, because the building was new and not yet in interior design. With a location located at an altitude of 1200m above sea level, and in a wet tropical climate, the concept of tropical interior development is suitable to be applied to this Islamic boarding school, which interacts with the outside world and uses natural nuanced materials. The pesantren site development plan consists of school buildings, mosques and dormitories.
