

LIST OF FIGURES

Figure I. 1 Graph of order fulfillment rate in retailer.....	3
Figure I. 2 Graph of total demand vs total inventory.....	3
Figure I. 3 Two-echelons distribution network in DC Surabaya.....	4
Figure I. 4 Graph of average inventory status in retailer and DC.....	4
Figure II. 1 (R, Q) system.....	14
Figure II. 2 (s, S) system.....	15
Figure III. 1 Conceptual model.....	19
Figure III. 2 Problem solving systematics.....	20
Figure IV. 1 Coverage distribution area of PT XYZ.....	24
Figure IV. 2 Distribution network of PT XYZ.....	25
Figure IV. 3 Diagram of multi-echelon lead time.....	28
Figure IV. 4 Normal distribution test for demand in Retailer Bali.....	41
Figure IV. 5 Normal distribution test for demand in Retailer Jember.....	41
Figure IV. 6 Normal distribution test for demand in Retailer Lombok.....	42
Figure IV. 7 Normal distribution test for demand in Retailer Malang.....	42
Figure IV. 8 Normal distribution test for demand in Retailer Sampit.....	42
Figure IV. 9 Normal distribution test for demand in Retailer Surabaya.....	42
Figure IV. 10 Poisson distribution test for demand in Retailer Bali.....	43
Figure IV. 11 Poisson distribution test for demand in Retailer Jember.....	43
Figure IV. 12 Poisson distribution test for demand in Retailer Lombok.....	43
Figure IV. 13 Poisson distribution test for demand in Retailer Malang.....	44
Figure IV. 14 Poisson distribution test for demand in Retailer Sampit.....	44
Figure IV. 15 Poisson distribution test for demand in Retailer Surabaya.....	44
Figure IV. 16 Uniform distribution test for demand in Retailer Bali.....	45
Figure IV. 17 Uniform distribution test for demand in Retailer Jember.....	45
Figure IV. 18 Uniform distribution test for demand in Retailer Lombok.....	45
Figure IV. 19 Uniform distribution test for demand in Retailer Malang.....	46
Figure IV. 20 Uniform distribution test for demand in Retailer Sampit.....	46
Figure IV. 21 Uniform distribution test for demand in Retailer Surabaya.....	46
Figure IV. 22 Exponential distribution test for demand in Retailer Bali.....	47

Figure IV. 23 Exponential distribution test for demand in Retailer Jember	47
Figure IV. 24 Exponential distribution test for demand in Retailer Lombok	47
Figure IV. 25 Exponential distribution test for demand in Retailer Malang	48
Figure IV. 26 Exponential distribution test for demand in Retailer Sampit	48
Figure IV. 27 Exponential distribution test for demand in Retailer Surabaya.....	48
Figure IV. 28 Graph of demand distribution test result in retailer Bali	49
Figure IV. 29 Graph of demand distribution test result in retailer Jember	49
Figure IV. 30 Graph of demand distribution test result in retailer Lombok	50
Figure IV. 31 Graph of demand distribution test result in retailer Malang.....	50
Figure IV. 32 Graph of demand distribution test result in retailer Sampit	50
Figure IV. 33 Graph of demand distribution test result in retailer Surabaya.....	51
Figure IV. 34 Two-level distribution inventory system.....	52
Figure V. 1 Sensitivity of demand	83
Figure V. 2 Sensitivity of ordering cost	84
Figure V. 3 Sensitivity of holding cost	85
Figure V. 4 Sensitivity of shortage cost	86
Figure V. 5 Graph of comparison between actual and improvement total holding cost	87
Figure V. 6 Graph of Comparison between actual and improvement total ordering cost	89
Figure V. 7 Graph of Comparison between actual and improvement total shortage cost	90
Figure V. 8 Graph of comparison between actual and improvement total echelon inventory cost.....	91
Figure V. 9 Graph of comparison between actual and improvement service level	93
