

## **PREFACE**

This thesis is made as a completion of the master telecommunication in Telkom University. Several persons have contributed academically, practically and with support to this master thesis. I would therefore firstly like to thank My supervisor Dr. Ali Muayyadi and Dr. Rendy Munadi for their time, valuable input and support throughout the entire master period. Furthermore I would like to thank my friend Ridwan and Putranto at Divisi Service Operation Telkom for their big help throughout the entire process. Finally I would like to thank my family and friends for being helpful and supportive during my time studying masters at Telkom University.
