

## LIST OF GLOSARY

|        |   |  |
|--------|---|--|
| AMC    | : | Adaptive Modulation and Coding                           |
| C/N    | : | Carrier to Noise ratio                                   |
| DVB-S2 | : | Digital Video Broadcasting – Satellite Second Generation |
| Eb/No  | : | Energy bit per Noise ratio                               |
| EIRP   | : | Effective Isotropic Radiated Power                       |
| G/T    | : | Figure of Merit  |
| HTS    | : | High Throughput Satellite                                |
| IFL    | : | Interfacility Link                                       |
| LTE    | : | Long Term Evolution                                      |
| RR     | : | Rain Rate  |
| SFD    | : | Saturated Flux Density                                   |
| TDMA   | : | Time Division Multiplexing                               |
| USO    | : | Universal Service Obligation                             |
