

PREFACE

Praise and thank to Almighty God, Jesus Christ, who has given His bless, mercy and guidance to author so that he can finish the final project entitled “JOB SHOP SCHEDULING AT IN-HOUSE REPAIR DEPARTMENT IN COLD SECTION MODULE CT7 ENGINE TO MINIMIZE MAKESPAN USING GENETIC ALGORITHM AT PT XYZ”. Through many lessons learned and challenges encountered by the author in compiling this final project, the author could accomplish the whole process properly. Thank you for the help, the encouragement and also the prayers from many parties. The author hopes that this final project can be useful and gives benefits to the reader. The author is aware that there are so many errors and mistakes in making this final project, therefore the author will appreciate any given criticism and advice.

Bandung, August 2016
