LIST OF TABLES

1.1 The Orientation Possibilities of Finder Pattern in Image 5

2.1 The advantages and disadvantages of different sizes of the sub-pixels on the printed share 16
2.2 Chameleon Hashing - based on Discrete Log 28
2.3 The relations between events 31
2.4 Relations between VCS variables 39

3.1 Encoding Process Overview 49
3.2 Decoding Process Overview 78
3.3 Functionality Requirement Specification of $IMSVCS$ 86
3.4 Functionality Requirement Specification of $NIMSVCS$ 87
3.5 Encoding Time of $IMSVCS$ 88
3.6 Decoding Time of $IMSVCS$ 89
3.7 Encoding Time of $NIMSVCS$ 90
3.8 Decoding Time of $NIMSVCS$ 91
3.9 Size of Shares in Identical Mathematical Support VCS 94
3.10 Size of Shares in Non Identical Mathematical Support VCS 95
3.11 Size of Shadow Shares and Secret Image in Identical Mathematical Support VCS 98
3.12 Size of Shadow Shares and Secret Image in Non Identical Mathematical Support VCS A 99
3.13 Size of Shadow Shares and Secret Image in Non Identical Mathematical Support VCS B 100
3.14 Size of Shadow Shares and Secret Image in Non Identical Mathematical Support VCS C 101
3.15 Size of Shares and Secret Image in Non Identical Mathematical Support VCS A (m = 4) 102
3.16 Size of Shares and Secret Image in Non Identical Mathematical Support VCS B (m = 4) 103
3.17 Size of Shares and Secret Image in Non Identical Mathematical Support VCS C (m = 4) 103

4.1 The Result of Functional Testing in $IMSVCS$ 111
4.2 The Result of Functional Testing in $NIMSVCS$ 112
4.3 The Differences between The Proposed and The Previous Methods . . . 137

A.1 The Result of Functional Experiment Result for $IMSVCS$ 140
A.2 The Result of Functional Experiment Result for $NIMSVCS$ 143

B.1 Encoding Time of Identical Mathematical Support VCS 149

B.2 Decoding Time of Identical Mathematical Support VCS 149
B.3 Encoding Time of Non Identical Mathematical Support VCS A 150
B.4 Encoding Time of Non Identical Mathematical Support VCS B 150
B.5 Encoding Time of Non Identical Mathematical Support VCS C 150
B.6 Decoding Time of Non Identical Mathematical Support VCS A 151
B.7 Decoding Time of Non Identical Mathematical Support VCS B 151
B.8 Decoding Time of Non Identical Mathematical Support VCS C 152
