Dedicated to :

My loveable and adorable
Parents for the love, support,
care and prayer.

ABSTRACT

PT. Aditec Cakrawiyasa Plant 2 is one of manufacturing company that produce gas regulator and cart production. Between these two products, the gas regulator will be the main focus because the whole production process describe well from this product. There are some types of gas regulator, but QRL-032 takes the highest demand among the others for 2014. There are some problems that found
