

## LIST OF FIGURES

Figure I.1 Development of Industrial revolution .....	1
Figure I.2 National Electricity Power Sales per Sector Customers in 2014 .....	2
Figure I.3 National Electricity Power Sales in The Industrial Sector .....	2
Figure I.4 The use of electricity energy in Mei – Sept 2016.....	3
Figure II.1 The four characteristics of industry 4.0 .....	6
Figure II.2 Green manufacturing and waste.....	8
Figure II.3 Green manufacturing and competitive manufacturing strategies .....	8
Figure II.4 System model for green manufacturing.....	9
Figure II.5 Model for identification color .....	10
Figure II.6 Model for green improvement .....	10
Figure II.7 Model for green implementation.....	11
Figure II.8 Model for keep it green.....	11
Figure II.9 Elements of an automation system .....	12
Figure II.10 Open loop system.....	12
Figure II.11 Classification of actuator .....	13
Figure II.12 Punching process .....	14
Figure III.1 Conceptual Model.....	17
Figure III.2 Writing Systematic .....	20
Figure IV.1 Production Process Flow .....	21
Figure IV.2 Jacquard Card.....	22
Figure IV.3 Rolling warp yarn process .....	22
Figure IV.4 Rolling weft yarn process.....	23
Figure IV.5 Weaving process.....	23
Figure IV.6 Inspection process .....	24
Figure. IV.4 Framework automation system .....	26

Figure IV.6 Punching Process .....	27
Figure IV.7 Microsoft Office Excel 2007 .....	28
Figure IV.8 CX Programmer V9.1 .....	28
Figure IV.9 Wonderware InTouch .....	29
Figure IV.10 Schneider Electric and Merlin Gerin .....	29
Figure IV. 11 Programmable Logic Controller .....	30
Figure IV.12 Solenoid valve camsco TAS-06 .....	30
Figure IV.13 AC Motor and specification .....	31
Figure IV.5 ImageToExcel windows .....	32
Figure IV.6 Choose the pattern windows .....	32
Figure IV.7 Image converter windows .....	33
Figur IV.8 Binary number windows .....	33
Figure IV.9 PLC Device Setting .....	34
Figure IV.10 CPU type setting .....	34
Figure IV.11 PLC program sections .....	35
Figure IV. 12 PC to PLC .....	37
Figure IV. 11 Login window .....	39
Figure IV. 12 Main window .....	40
Figure V.1 Starting process .....	44
Figure V.2 Header process .....	44
Figure V.3 Running process .....	45
Figure V.4 Space process .....	45
Figure V.5 Main process .....	46
Figure V.6 Output process .....	46
Figure V.7 Output PLC process .....	46
Figure V.8 Ending process .....	47

Figure V.9 Login window .....	49
Figure V.10 Main window display.....	49
Figure V.11 Punching machine setup time .....	52
