

ABSTRACT

Relaxation has become a necessity for everyone. So one commercial place that began spread widely in big cities is the Health and Beauty Care for babies, kids and moms. In Bandung itself there is a special place that is Elmika Madre and Babe Spa providing spa and salon facilities. Its main function is to restore health, relax and improve togetherness of mom and kid. But the condition of the interior and treatment facilities which available in Elmika is not compatible with the needs of each user. Based on that, designing Health and Beauty Care will carry the brand of Elmika with the addition of amenities for individual and treatment rooms for mom and kid. Brand Elmika which had the atmosphere of Mexico also applied to the interior elements that adapted to the characteristics and needs of the user. Thus this health and beauty care is expected to bring atmosphere that help baby and kid's growth, and can relax mom.
