

LIST OF TABLE

Table II-1 Optimization works on the Machining Process	15
Table III-1 Mechanical Properties of bovine horn.....	22
Table III-2 Chemical Composition of bovine horn (1).....	22
Table III-3 Chemical Composition of bovine horn (2).....	22
Table III-4 A L ₂₇ Orthogonal Array.....	25
Table III-5 Specifications of Power clamp meter	27
Table III-6 Specification of Mitutoyo SJ-410 Surfest	30
Table III-7 Different ANN model architecture	33
Table IV-1 Machining Parameters and Levels.....	34
Table IV-2 Result of energy consumption.....	36
Table IV-3 Surface roughness results at L ₂₇ full factorial machining parameters.....	38
Table IV-4 Proposed Prediction Model Specifications.....	41
Table IV-5 Candidate model comparison	43
Table V-1 Prove of prediction capability.....	49
