

## ACKNOWLEDGEMENT

Praise and gratitude of the writer prayed to the presence of Allah SWT, for the outpouring of His infinite grace and guidance. Alhamdulillah by His will, the authors were able to compile and complete a study entitled **“Design of the Needs of Education Services in Gagas Ceria Kindergarten using Integration Education Quality and Refined Kano”** Research in the form of this Final Project is submitted to meet some of the requirements to obtain a Bachelor of Industrial Engineering degree, Telkom University, Bandung. The author would also like to thank all those who have contributed either directly or indirectly in the process of finishing this final project, in this occasion the author like to thank the deepest gratitude to :

1. Thanks to My beloved parents to Dad, H. Tarmizi and Mom, Hj. Azizah which constantly provides love, passion and prayer for success, happiness, and goodness of the Author, their first son. Thank you for all that Mom and Dad have strived for and given over the years. Hopefully in the future writer can give happiness beyond what has Mom and Dad give to the Author.
2. Thank to Mrs. Dr. Ir. Yati Rohayati, MT as the first supervisor who has been patient in guiding, helping, giving input knowledge, motivation, spirit and willing to spend time to discuss with the author, so the author can finish this Final Project.
3. Thanks to Mrs. Ima Normalia Kusmayanti, SS., MPd. as the second supervisor who has been patient in guiding, helping, giving input knowledge, motivation, spirit and willing to spend time to discuss with the author, so the author can finish this Final Project.
4. Thanks to Mr. Dr. Ir. H. Agus Achmad Suhendra M.T. as an academic advisor who gave directions and advices regarding to accomplish along the academic activities.
5. Thanks to Mrs. Annisa and Mrs. Risma as the principal and deputy principal of Gagas Ceria Kindergarten who have been very openly supportive and provide opportunities to the author in completing this final year project.
6. Thanks to Ghina Rafidah as a friend of Final Project group who experienced ups and downs and grief in making the Final Project.

7. All my beloved classmates of TI-39-INT, all members of TEKMI Laboratory all members of Marketing Profession, all team members in final year project, and all my beloved friends that cannot be mentioned here. You all gave me such a great support.

Final Project is not spared from shortcoming and errors, so it is expected that this Final Project can be developed to be better and provide benefits to the world of education especially and society in general.
