

ABSTRACT

There are hundreds and even thousands of problems that have arisen in Indonesia with various kinds of cases such as quarrels between communities, divorce, to cases of children about theft and even the abuse of minors. With the problems in Indonesia now the community can not be vigilant by themselves but must use legal channels in order to get the right to justice from the decision of the District Court.

The District Court is a judicial institution a judicial institution within the general court environment located in the district as a judiciary whose function is to examine, resolve, criminal and civil cases for the people who seek justice in general.

One of the courts that will be discussed is the Mempawah District Court which was established in 1979 and was inaugurated by the chairman of the West Kalimantan High Court on May 27, 1982. As one of the offices that has problems in room arrangement and furniture arrangement as well as issues of theme and style.

The interior design of the Mempawah District Court must also pay attention to the concepts and styles that will be applied so as to create an image that is in accordance with the vision and mission of the dignified, symmetrical, grand and justified concept of the District Court which is to be used Monumental by not eliminating the applied colors that provide great and dignified impression. As for the style selection using the Modern style.

Application of the concept of needs is the presence of different program activities and facilities for each diverse organizational structure. This diversity is applied to differences in facilities, furniture, space, privacy systems, tailored to the needs that can support the activities of the Mempawah District Court office.

Keywords: District Court, beribawa, Symmetrical, Great, Facilities, Circulation.
