

## DAFTAR ISI

|  |     |
|--|-----|
| LEMBAR PENGESAHAN .....                                    | i   |
| LEMBAR PERNYATAAN ORISINALITAS .....                       | ii  |
| ABSTRAK .....  | iii |
| ABSTRACT.....  | iv  |
| KATA PENGANTAR .....                                       | v   |
| DAFTAR ISI.....  | vi  |
| DAFTAR GAMBAR .....  | ix  |
| DAFTAR TABEL.....  | x   |
| DAFTAR ISTILAH .....                                       | xi  |
| DAFTAR SINGKATAN .....                                     | xv  |
| BAB I PENDAHULUAN .....                                    | 1   |
| I.1    Latar Belakang.....                                 | 1   |
| I.2    Rumusan Masalah .....                               | 4   |
| I.3    Tujuan Penelitian.....                              | 4   |
| I.4    Batasan Penelitian .....                            | 5   |
| I.5    Manfaat Penelitian.....                             | 5   |
| I.6    Sistematika Penulisan.....                          | 5   |
| BAB II TINJAUAN PUSTAKA.....                               | 7   |
| II.1    Koperasi.....                                      | 7   |
| II.2 <i>Cloud Computing</i> .....                          | 8   |
| II.2.1 <i>Layer Cloud Computing</i> .....                  | 9   |
| II.2.2 Karakteristik <i>Cloud Computing</i> .....          | 9   |
| II.3 <i>Cloud Infrastructure as a Service (IaaS)</i> ..... | 10  |
| II.4 <i>Web Hosting</i> .....                              | 11  |
| II.4.1    Web server .....                                 | 11  |
| II.4.2    Database server .....                            | 11  |
| II.4.3    FTP Server .....                                 | 11  |
| II.4.4    Mail Server.....                                 | 12  |

|         |   |    |
|---------|---|----|
| II.4.5  | DNS Server .....  | 12 |
| II.5    | <i>Virtual Private Server (VPS)</i> .....                         | 12 |
| II.6    | Docker .....  | 13 |
| II.6.1  | Arsitektur Docker .....   | 14 |
| II.6.2  | <i>Docker Objects</i> .....                                       | 15 |
| II.6.3  | Kemampuan Docker.....   | 16 |
| II.7    | Model Siklus Hidup Adopsi <i>Cloud</i> .....                      | 17 |
| II.8    | Tahap Penerapan <i>Cloud Computing</i> .....                      | 18 |
| II.9    | Penelitian Sebelumnya .....                                       | 21 |
| BAB III | METODOLOGI PENELITIAN.....  | 23 |
| III.1   | Model Konseptual .....  | 23 |
| III.2   | Sistematika Pemecahan Masalah.....                                | 24 |
| III.2.1 | Tahap Awal .....  | 26 |
| III.2.2 | Tahap Identifikasi.....   | 26 |
| III.2.3 | Tahap Perancangan .....   | 26 |
| III.2.4 | Tahap Analisis.....   | 26 |
| III.2.5 | Tahap Akhir .....   | 26 |
| BAB IV  | IDENTIFIKASI DAN PERANCANGAN .....                                | 27 |
| IV.1    | Koperasi Serba Usaha .....  | 27 |
| IV.1.1  | Tujuan Koperasi Serba Usaha.....                                  | 27 |
| IV.1.2  | Aspek Kegiatan KSU .....  | 27 |
| IV.2    | Identifikasi Proses Bisnis Penjualan dan Pembelian pada KSU ..... | 28 |
| IV.3    | Identifikasi layanan TI untuk KSU .....                           | 30 |
| IV.4    | Identifikasi Kesiapan KSU .....                                   | 30 |
| IV.5    | Identifikasi <i>Web Hosting</i> untuk Web KSU .....               | 31 |
| IV.6    | Docker .....  | 32 |
| IV.6.1  | Layanan <i>Container Docker</i> .....                             | 32 |
| IV.7    | <i>Web Hosting</i> .....  | 33 |
| IV.7.1  | Virtual Private Server (VPS).....                                 | 34 |

|                                      |                                     |    |
|--------------------------------------|-------------------------------------|----|
| IV.8                                 | Rancangan Sistem .....              | 38 |
| IV.9                                 | Rancangan Sistem Web .....          | 39 |
| IV.10                                | Instal dan Konfigurasi Docker ..... | 42 |
| IV.10.1                              | melakukan instal docker .....       | 42 |
| IV.10.2                              | Konfigurasi pada Docker.....        | 46 |
| BAB V ANALISIS HASIL RANCANGAN ..... |                                     | 49 |
| V.1                                  | Analisis Hasil Rancangan.....       | 49 |
| V.1.1                                | Sudut Pandang Bisnis.....           | 49 |
| V.1.2                                | Sudut Pandang Operasional .....     | 49 |
| V.1.3                                | Sudut Pandang Pengembangan .....    | 50 |
| V.1.4                                | Sudut Pandang Keamanan.....         | 50 |
| V.2                                  | Tabel Perbandingan .....            | 51 |
| BAB VI KESIMPULAN .....              |                                     | 53 |
| VI.1                                 | Kesimpulan.....                     | 53 |
| VI.2                                 | Saran .....                         | 53 |
| DAFTAR PUSTAKA .....                 |                                     | 55 |
| LAMPIRAN A .....                     |                                     | 57 |
| LAMPIRAN B .....                     |                                     | 67 |
