

DEDICATION

This thesis is compiled with the support of my family. I dedicate this study to my beloved mother Neneng Nuraeni , my beloved wife Ismi Fauziah and my children Rasyid Saladin Abdillah and Alshad Saladin Abdillah .

ACKNOWLEDGMENTS

Praise be to Allah the Lord of the Worlds. Firstly, I would like to express my deepest gratitude to my supervisor Ari M. Barmawi, Ph.D., for giving me guidance, and faith to write this thesis. She always gives valuable advice and encouragement during the preparation of my thesis. High appreciation is also dedicated. My sincere thanks also goes to all Master Graduate Program of Telkom University lectures and staff for assisting, supporting me, and giving me knowledge during my study. I also want to thank my beloved mother who prays for me every day and always provides support. I would like to express my gratitude to my best sister Rini Roslaeni and my brother Irvan Januar for supporting me in every situation. I would like to thank my mother and father in law Ane Hernawati and Kusna for their support and prayer. In addition, I would like to thank my wife for her wise counsel and her devotion during my time conducting research and writing this thesis. The last but not least, my deepest appreciation goes to my family members who always advise and support me during this study. Finally, I could not have completed this thesis without the support of my friends, Maulana Ramadhan and Prasti Eko Yunanto, who provided stimulating discussions as well as happy distractions to rest my mind outside of my research.
