

## **PREFACE**

Thank God, we pray to the presence of God Almighty, because He has bestowed His grace in the form of opportunities and knowledge so that this thesis can be completed in time smoothly.

The writer also thank you to friends who have contributed to their ideas so that our thesis entitled "REAL FIELD EXPERIMENT OF COMMUNICATION MODULES FOR POSSIBLE APPLICATION OF EARLY WARNING SYSTEM OF FLASH FLOODING" can be arranged well and neatly.

The writer hope that this thesis can increase the knowledge of the readers and also can. But apart from that, we understand that this thesis is far from perfect, the writer really expect constructive criticism and suggestions so that the next paper will be better.
