

PREFACE

Alhamdulillah, thanks to God Almighty Allah S.W.T. This Final Project is a journey in the last year of my undergraduate studies at the Industrial Engineering Study Program, Faculty of Industrial Engineering, Telkom University.

My thanks go to:

1. My final project advisor, Dr. Atya Nur Aisha, S.T., M.T as Advisor I and Yussi Perdana Saputera, S.T., M.T as Advisor II for the instruction and guidance during this final project.
2. Production division of PT RTI as an object of this final project allowed me to do the research and providing sources of data from the interview, observation and other documents.
3. All of lecturers Telkom University especially in Faculty of Industrial Engineering from the beginning of first semester until the completion of final project.
4. My father Brigjen TNI H. Jama'ah and my mother Hj. Sri Wulaningsih, A.Md.Keb. and also my sister Aulia Kusuma Dewi, S.Pd for always supported me materially and non-materially during this college time.
5. All of classmate in TI-41-INT who always helped and supported the author in the good and bad time while studying at Telkom University until the completion of this final project.

I also thank all those who indirectly contributed to the completion of this Final Project.
