

## **ABSTRACT**

*The Indonesia Stock Exchange (IDX) has collaborated with Kompas newspaper, informing that the Indonesia Stock Exchange will publish a new index which will be named the Kompas 100 Index. The Kompas 100 Index is a stock index of 100 public company stocks listed on the Indonesia Stock Exchange. has the purpose and benefits of the Kompas 100 index, namely, to provide broad market information to attract the public and provide a benchmark for investors in investing, so that the public can see the movement of the market direction and provide an overview to the public to create index-based innovation products. Corporate Social responsibility (CSR) is an effort to take responsibility for the impact caused by the company from the company's decisions and activities, where the impact is felt by related parties such as the community and the environment around the company.*

*This study aims to determine the factors that can affect the disclosure of corporate social responsibility of the company. This study uses the independent variables of profitability, board feminism, and media exposure to the disclosure of Corporate Social responsibility in the 2015-2020 period which are listed on the Kompas 100 Index. This study uses a descriptive type of research technique with a quantitative research method. This study consisted of 28 samples of companies with a research period of 6 years, obtaining 168 data samples. The analytical method used is descriptive analysis and panel data regression.*

*The results of this study indicate that simultaneously profitability, board feminism and media exposure have a significant effect on the disclosure of corporate social responsibility (CSR). Partially, the feminism of the female board of directors and media exposure have a significant effect on the disclosure of corporate social responsibility, while profitability and the feminism of the board of commissioners have no significant effect on the disclosure of corporate social responsibility.*

*Keywords: Board feminisme, Corporate Social Responsibility Disclosure, Media Exposure, Profitability.*
