

ABSTRACT

This design is motivated by the vision and mission of the Ministry of Education and Culture of Kuningan Regency which has an advanced view in accordance with the times and technology. But unfortunately the office building still has some problems. Especially in the building of the Office of General Affairs and Personnel and Finance. Because the office building is an office building that has been standing for a long time. From this phenomenon, the redesign of the Government Office of the Education and Culture Office of Kuningan Regency will apply elements of meaning from the vision and mission of the Ministry of Education and Culture which are associated with the identity values of Kuningan City which will be implemented with a functionality approach as a solution to problems in the office building, as well as to create a comfortable, safe, effective working atmosphere, and efficient for its employees.
