

ABSTRACT

The music that a person listens to can affect that person's personality based on the genre of music he listens to. Human expressions are very diverse to the music heard and are not easy to guess, but it can be assumed from appearance, clothing, gestures, gestures, but there are several stereotypes that are spread in society, one of which is music and one's clothes. etc. Someone who is listening to music has an expression with gestures which will then be represented using stop motion media which will be made into a masterpiece.

Keywords: Music, Expression, Body Movement, *Stop Motion*, Works.
