

ABSTRACT

Planning with past of photography style, it is hoped that it will give a different visual in the modernization era. In this work, there is a process of making a pinhole lens that can give the impression of old times in photos. The manufacture itself is using the pinhole camera method with meaning to develop photography in the pinhole camera method. The work "Bandung Dalam Semu" which is located in the city of Bandung and printed on A3 size photopaper. Old style photographic work can be something new by developing techniques of photography media, through exploration of tools and materials used for photographic art media.

Key Words: *Introducing Past Visual, Modernization Era, Pinhole Camera*
