

ACKNOWLEDGMENTS

Alhamdulillah rabil ‘alamin, the researcher expresses his highest gratitude to Allah subhanahu wa ta’ala for blessing, love, opportunity, health, and mercy to complete this undergraduate thesis. This thesis entitled “COST-BENEFIT ANALYSIS OF NETWORK SHARING IMPLEMENTATION TO ENCOURAGE MOBILE BROADBAND ACCELERATION IN THE NEW CAPITAL CITY OF INDONESIA” is submitted as the final requirement in accomplishing postgraduate degree of Master Engineering in The School of Electrical Engineering at Telkom University, Bandung, Indonesia. The author would like to express the deepest gratitude and thanks to:

1. My beloved parents, for endless love, prayers, and support. Mr. Helmy Ja’far Abdat and Mrs. Farida Saleh Abdat, my older sister, my brother, my younger brother, my younger sister, and all big beloved family.
2. Dr. Doan Perdana, S.T., M.T., as thesis supervisor I, who has provided guidance and advice during the preparation, research, and writing of this thesis.
3. Dr. Ir. Nanang Suryana, M.T., as thesis supervisor II, has provided guidance and advice during the preparation, research, and writing of this thesis.
4. Muhammad Irfan Maulana, S.T., M.T., as a shadow supervisor has helped me in doing and completing this thesis.
5. All Lecture and Telkom Engineering School staff at Telkom University have transferred much knowledge and help to me during my study at Telkom University.
6. My special one, little A, and my beloved cat. who has accompanied and inspired me to finish this thesis.
7. For all friends who have struggled together since the beginning of the lecture to get a master's degree

Finally, may ALLAH SWT receive all their support, effort, and kindnesses. Amin Yaa Rabbal ‘Alaamiin.
