

## LIST OF TABLES

3.1	Simulation parameters. . . . .	31
4.1	System sum rate of first scenario. . . . .	32
4.2	System power consumption of first scenario. . . . .	34
4.3	System energy efficiency of first scenario. . . . .	34
4.4	System computational time of first scenario. . . . .	35
4.5	Performance comparison of first scenario. . . . .	36
4.6	System sum rate of second scenario. . . . .	37
4.7	System power consumption of second scenario. . . . .	37
4.8	System energy efficiency of second scenario. . . . .	38
4.9	System computational time of second scenario. . . . .	39
4.10	Performance comparison of second scenario. . . . .	40
