

ACKNOWLEDGMENTS

I praise to Allah Referensi SWT for His mercy, grace, health, guidance so that I can complete this thesis. I thank to Allah SWT who has given me success in getting through my difficult times. I thank to Allah SWT for giving me a father and family who always support me in difficult times. I want to thank:

1. My thesis supervisor, Dr. Warih Maharani, S.T., M.T, thank you for your endless help, support and guidance.
2. My greatest appreciation goes to my father, the late Mr. Masduki, who during his lifetime always encouraged me so that I would not give up.
3. Appreciation to my mother, Mrs. Siti Khodijah, who always prays for me and encourages me.
4. Appreciation to my wife, Mrs. Iva Zahiyah and children Ibrahim Ahmad Al-Ghifari who always support and accompany me in difficult and happy times.
5. My appreciation goes to all the professors, lecturers, and classmates at the Master of Informatics at Telkom University who always help me finish this thesis.
6. My appreciation to Ms. Ade Romadhony, who gave encouragement indirectly so that I did not give up.
7. Appreciation to sister, brother, my family who always encourage me.
8. Appreciation to friends, office colleagues, who always help solve problems, provide a place to work on thesis.
9. Telkom University Masters colleagues who always encourage each other.
