

PREFACE

Praise be to Allah SWT for His grace and gifts, so that the author can complete the Final Project entitled "Policy On Perishable Inventory To Minimize Overstock And Total Inventory Cost Using Periodic Review And ABC Classification In Depot Sari Patin Banjarmasin" as one of the conditions for completing the S1 Industrial Engineering Faculty Study Program Telkom University Industrial Engineering. On this occasion, the authors express their deep gratitude and thanks to:

1. Mr. Ari Yanuar, S.T.,M.T as 1st advisor who always gives guidance to the writer to finish this final assignment.
2. Mr. Budi Santosa., S.T.,M.T as 2nd advisor who always gives guidance to the writer to finish this final assignment.
3. Restaurant Depot Sari Patin Banjarmasin as the company which is the object of this research has provided information and data provided in completing the final project.

The author is well aware that this research still has shortcomings and is far from perfect because of the limited knowledge and ability of the writer. So the authors expect input and constructive criticism in order to make this final project better and more useful. Hopefully this final project is useful for all parties who use it
