

ABSTRAC

The West Java National Amil Zakat Agency is an Amil Zakat Institution under the auspices of the Government which is tasked with collecting, managing and distributing zakat, infaq and alms funds. The West Java BAZNAS building itself is located on Jalan Soekarno-Hatta, Bandung City. The interior redesigning of BAZNAS itself was carried out to suit the activities, needs and applicable office standards. In addition to the standards and space requirements, this design also uses an ergonomic work environment approach to help solve problems that occur. With this redesign, it is hoped that it will help improve worker comfort, effectiveness in carrying out work activities and also comfort for visitors.
