
DEDICATION

Alhamdulillah, I am very grateful to Allah SWT, the Greatest and Most Merciful, who made everything smooth and has given me the opportunity to be able to do this research.

I dedicate this thesis to my parents who have raised me, taught me many things and made me the best version of myself. Thank you Mama Lily for all your support and endless love for your last daughter. And for my beloved Alm.Papa Wiwi who has rested in peace there. Pah, I hope you will proud of me!
