

## PREFACE

Assalamu'alaikum Wr. Wb.,

Praise the author goes to the presence of Allah SWT for His mercy and blessing so that the writer can complete the Final Project entitled "Implementation of E-Health System Lab Scale for Epilepsy Detection Health Information Distribution". The author does not forget to express his gratitude for the smooth process of preparing the Final Project so that it can be submitted in a timely manner. The purpose of writing this Final Project is to fulfill one of the requirements to obtain a bachelor's degree from the Telecommunication Engineering Study Program, Faculty of Electrical Engineering, Telkom University, Bandung.

In the process of preparing the Final Project the author received a lot of support, assistance, motivation and guidance from various parties. Therefore, the author would like to thank:

1. God Almighty Allah SWT who always provides convenience to the writer in the process of preparing the thesis.
2. Mrs. Dr. Leana Viday Yovita, S.T.,M.T as the first supervisor and Dr. Inung Wijayanto, S.T.,M.T. as the second supervising lecturer for Indah Ratu Aulia and Ni'matul Bariyah, in the preparation of this Final Project who has provided support, guidance, direction, motivation, knowledge, and enthusiasm for the writer.
3. Mr. Dr. Inung Wijayanto, S.T.,M.T. as the first supervisor and Mrs. Dr. Leana Viday Yovita, S.T.,M.T as the second supervisor Ikhsan Maulana Eza, in the preparation of this Final Project who has provided support, guidance, direction, motivation, knowledge, and enthusiasm for the writer.
4. Mrs. Dr. Sofia Naning Hertiana, S.T.,M.T., Mr. Agus Dwi Prasetya, Mr. Doan Perdana as homeroom teacher who always provides support and knowledge to the writer.
5. The author's family, especially his parents, who always provide support and prayer so that the process of preparing the author's final project can be carried out well.
6. Friends of the writer, Naya, Liony, Dea Pasha, Dea Khusnul, Azhar, Yoga, Fia, Aul, Qisti, Erni, Farah, Rara, Apri, Wati, Yovita, Reza, Alan, Pinjol Girls, Semester 1x = Easy ! who have provided support, encouragement, motivation, prayers, tears and a place to rest both during the writing of the Final Project and

outside of the thesis.

7. Friends of TT-43-01, friends of TT-43-03 and friends of TT-43-International Class who have become classmates while studying at Telkom University.

Hopefully all the kindness and support given by all of them will get more rewards from Allah SWT. This Final Project is not without mistakes and the writer realizes that this Final Project still has many shortcomings. The author expects constructive criticism and suggestions from readers. Hopefully this Final Project can provide benefits and become a reference for all parties who read it.

Bandung, January 20, 2023
