

LIST OF FIGURES

Figure 1.7.1. Modified trilateration with least square method research methodology.....	5
Figure 1.7.2. Modified trilateration with least square method flowchart.....	6
Figure 1.7.3. Create Scenario flowchart.....	7
Figure 2.1.1. The 802.11mc FTM Protocol.....	10
Figure 2.2.1. Localization model in three-dimensional space.....	12
Figure 2.3.1. Trilateration with least square method with 4 APs.....	13
Figure 2.5.1. Trilateration in Geometry with 4 APs.....	15
Figure 3.5.1. CDF analysis flowchart.	27
Figure 4.1.1. CDF comparison of the modified trilateration with least square method and trilateration in geometry algorithm in scenario 1-6.....	32
Figure 4.1.2. CDF comparison of the modified trilateration with least square method and trilateration in geometry algorithm in scenario 7-12.....	32
Figure 4.1.3. CDF comparison of the modified trilateration with least square method and trilateration in geometry algorithm in scenario 13-18.....	33
Figure 4.1.4. CDF comparison of the modified trilateration with least square method and trilateration in geometry algorithm in scenario 19-24.....	33
