

LIST OF CONTENT

ABSTRACT	i
VALIDITY SHEET	iii
ORIGINALITY STATEMENT SHEET	iv
PREFACE.....	v
LIST OF CONTENT	vi
LIST OF FIGURES	ix
LIST OF TABLES	x
LIST OF APPENDICES.....	xii
CHAPTER I INTRODUCTION	1
I.1 Background	1
I.2 Problem Definition	6
I.3 Research Objective	7
I.4 Benefits of Research	7
I.5 Systematics.....	7
CHAPTER II LITERATURE REVIEW	9
II.1 Theoretical Basis	9
II.1.1 Production Planning	9
II.1.2 Aggregation Unit Process	9
II.1.3 Forecasting	9
II.1.4 Standard Time Calculation	21
II.1.5 Disaggregate Process.....	24
II.1.6 Master Production Schedule	24
II.1.7 Capacity.....	25
II.1.8 Capacity Planning.....	25
II.1.9 RCCP (Rough Cut Capacity Planning)	26
II.1.10 RCCP Decisions	28
II.1.11 Scheduling.....	29
II.1.12 Flow Shop Scheduling	31
II.1.13 Forward Scheduling	31
II.1.14 Campbell, Dudek, and Smith (CDS) Algorithm	32
II.2 Selection of Standard Design Framework	32
CHAPTER III PROBLEM SOLVING METHODELOGY	36

III.1 Systematic Design.....	36
III.2 Identification of Integrated System.....	37
III.3 Scope of Problem and Assumption.....	38
CHAPTER IV DATA COLLECTING AND PROCESSING	39
IV.1 Data Collecting	39
IV.1.1 Operational Time Data	39
IV.1.2 Demand Data.....	39
IV.1.3 Number of Worker and Machine	40
IV.1.4 Capacity Worker and Machine Data.....	41
IV.1.5 Cycle Time Data	42
IV.1.6 Routing Machine Data.....	42
IV.2 Data Processing.....	43
IV.2.1 Data Uniformity Test.....	43
IV.2.2 Data Adequacy Test.....	43
IV.2.3 Normality Test Data.....	44
IV.2.4 Standard Time Calculation	45
IV.2.5 Aggregation Process	47
IV.2.6 Forecasting 12 Period	48
IV.2.7 Disaggregation Process.....	50
IV.2.8 Rough Cut Capacity Planning with Existing Capacity	51
IV.2.9 Existing Scheduling	54
IV.3 Proposed Scheduling Design.	54
IV.3.1 Ideal Amount of Machine.....	54
IV.3.2 Determine Job for Each Month	56
IV.3.3 Job Sequencing using Campbell, Dudek, and Smith	57
IV.3.4 Campbell, Dudek, and Smith with Lot Sizing	59
CHAPTER V RESULT ANALYSIS.....	64
V.1 Result Analysis.....	64
V.1.1 Forecasting Demand Analysis.....	64
V.1.2 RCCP Analysis.....	68
V.1.3 Scheduling Analysis.....	69
V.1.4 Cost Analysis.....	70
V.2 Verification and Validation	72
V.2.1 Verification	72

V.2.2 Validation.....	73
V.3 Implementation Plan	73
CHAPTER VI CONCLUSION AND SUGGESTION	75
VI.1 Conclusion.....	75
VI.2 Suggestion for CV Una Surya Mandiri	75
VI.3 Suggestion for Further Researcher	76
REFERANCES	77
