## ABSTRACT

Green sticky tape crème brulee is a new food idea that combines traditional ingredients with modern ingredients that are currently popular. Crème brulee is a dessert that has long been known in various countries. For a long time, green sticky rice tape has been known in Indonesia and is a favorite among some people as a basic ingredient in various modern dishes.

This is a new innovation that uses green sticky tape as a base for making crème brulee. Fermented green sticky rice is mixed with liquid cream, sugar, egg yolks, and several other ingredients to create a delicious taste and texture.

The innovation of crème brulee with green sticky rice not only has a new and unique taste, but is also healthier than regular crème brulee.

Green sticky tape crème brulee is a new food idea that combines traditional ingredients with modern ingredients that are currently popular. Crème brulee is a dessert that has long been known in various countries. For a long time, green sticky rice tape has been known in Indonesia and is a favorite among some people as a basic ingredient in various modern dishes.

This is a new innovation that uses green sticky tape as a base for making crème brulee. Fermented green sticky rice is mixed with liquid cream, sugar, egg yolks, and several other ingredients to create a delicious taste and texture. The innovation of crème brulee with green sticky rice not only has a new and unique taste, but is also healthier than regular crème brulee. Green sticky rice tape is rich in fiber, vitamins and minerals, and contains healthy fats which are good for heart health and digestion. Crème brulee innovations can also be made in healthier ways, such as using plant-based or low-fat milk. With this crème brulee innovation, it is hoped that the community will be able to develop more innovative, healthy and delicious traditional foods. In addition, this innovation can open up new business opportunities for culinary or food entrepreneurs who wish to sell new and unique items to their customers.

Keywords: Creme brulee, green keetan tape, nutritional value, healthy fats, healthy methods and business opportunities are the key words.
