

PREFACE

Praise be to God Almighty for His blessings and gifts as well as His guidance so that the author can complete the final project with the title "Development of ERP System and Dashboard Using The Concept of Circular Economy on Reverse Logistics Module in MSME" as one of the requirements for completing the education S-1 Information Systems, Faculty of Industrial Engineering, Telkom University.

In preparing this final project, the author received a lot of guidance, suggestions, and motivation from various parties, for which the writer would like to thank:

1. Mr. Ari Yanuar S.T., M.T. was a lecturer and advisor I who gave advice and guidance during this research.
2. Mr. Umar Yunan Kurnia Septo Hedyanto, S.T., M.T. as a lecturer and advisor II, gave advice and guidance during this research.
3. Mr. Rokhman Fauzi, S.T., M.T. is an academic advisor who has supported, guided, and provided direction during the lecturer period.
4. PT. Elco Indonesia Sejahtera, for taking the time to work together on this final project.

The author realizes that there are still many things that could be improved in writing this thesis. Therefore, the author apologizes and accepts all constructive criticism and suggestions. Finally, the author hopes this final project can provide benefits and insights for readers and researchers.

Bandung, XX June 2023
