

PREFACE

Praise and gratitude to Allah SWT, the Lord of all creation, for His mercy, blessings, and guidance bestowed upon the author, enabling the completion of this Final Project titled "IMPLEMENTATION OF DATA MINING FOR PREDICTION OF STUDENT WAITING TIME FOR STUDENTS OF INDUSTRIAL ENGINEERING UNDERGRADUATE STUDY PROGRAM AT TELKOM UNIVERSITY USING NAÏVE BAYES.". Furthermore, all praises and blessings are extended to Prophet Muhammad SAW, whose guidance is essential for the enlightenment and guidance of humanity.

The author wishes to convey heartfelt gratitude to everyone who has offered guidance, support, and assistance during the writing and completion of this Final Project. Special appreciations are extended to:

1. My family, especially my beloved parents, whose wholehearted support and my grandmother's unwavering encouragement enabled me to complete this final project.
2. Ms Afrin Fauzya Rizana, S.T., M.T., as the first advisor, and Mr Rayinda Pramuditya Soesanto, S.T., M.T., as the second advisor. Both have guided me with patience, providing constructive criticism and invaluable suggestions throughout the process of completing this final project.
3. Mr Muhammad Nashir Ardiansyah, S.T., M.T., Ph.D., as the academic advisor for class of TI-44-INT and as the head of the study program. He has been guiding me throughout my academic journey and during the completion of this final project.
4. The Directorate of Career Development, Alumni, and Endowment (CAE), Language Center (LaC), School of Industrial Engineering (FRI) and Standard and Academic Services Division (BSLA), as data providers. They have provided all the necessary data used for my final project task.
5. All my friends from class TI-44-INT.
