

ABSTRACT

New Design Of The Rosid Gallery With An Interior Flexibility Approach

Abstract: *Art galleries play an important role in developing the tourism and arts industry in Bandung City, West Java. With the significant growth of tourist visits, especially after the pandemic, as well as the need for more space for artist expression and art activities, the establishment of new art galleries is needed. The design of this new art gallery is motivated by escalation number of visitation in rosid gallery and to the gallery but but the facility itself it is not quite ready yet, futhermore. The purpose of designing Rosid Gallery is to create an innovative, spacious space that facilitates the creativity and activities of artists, while becoming a center of collaboration and contribution for artists and art communities and creating a space that has flexibility for the activities of artists or visitors. Thus, the Rosid Gallery will be a place to appreciate, support, and develop works of art, as well as provide benefits to the wider community in terms of education, recreation, and art appreciation.*
