

PREFACE

Alhamdulillahirabbilalamin, all praise the writer prays to the presence of Allah SWT for all His gifts, so that the writer can complete the thesis with the title

RADAR-DRONE SYSTEM FOR DETECTING

RESPIRATION VITAL SIGN OF LIVE VICTIM UNDER THE RUINS

The writer has carried out research which was then poured into this book smoothly as a prerequisite for completing master degree in the S2 Electro Telecommunication Engineering study program, Faculty of Electrical Engineering, Telkom University.

The writer realizes that this book is far from perfect due to the author's limitations. Therefore, the writer apologizes and the writer needs criticism and suggestions as material for improvement in the future.

The writer also hopes that this final assignment can be of benefit to all parties, and can be developed into a more renewable research. Peace be upon you.
