

## PREFACE

*Assalamu'alaikum Wr. Wb.,*

By mentioning the name of Allah SWT, who is the most gracious and the most merciful, the author praises and praises His gratitude to Him, who has bestowed His grace and guidance on the author, so that he can complete the thesis with the title **“DETECTION OF EMPOASCA PEST ATTACKS ON TEA LEAVES BASED ON MULTISPECTRAL CAMERA”**.

The author has completed several requirements, one of which is compiling a thesis book as one of the requirements in completing a master's education in the Electrical Engineering master study program, at Telkom University.

In preparing the thesis, the author realizes that this thesis is far from perfect. Therefore, with humility, the author apologizes profusely and hopes that the author will get constructive criticism and suggestions.

*Wassalamu'alaikum Wr. Wb.*
