

ACKNOWLEDGEMENT

The authors would like to express the sincere gratitude for all the help and support that made the completion of this thesis possible. This challenging process would not have been possible without the guidance and support provided throughout the research journey. All forms of support, both moral and material, have been invaluable in perfecting every aspect of this thesis. The author would like to take this opportunity to express her gratitude to:

1. Allah SWT, for all His grace, favors, and gifts, which have enabled the completion of this thesis research.
2. The entire family, especially Mr. Sommeng, Mrs. Suriani, Mr. Kaharuddin, Mrs. Tini Irmayani, Hikmah Nisya, Wildayanti, and Nur Zahirah who have provided sincere support so that the author can complete the thesis research.
3. Dr. Sofia Naning Hertiana, S.T., M.T. the primary supervisor, and Dr. Yudha Purwanto, S.T., M.T., the co-supervisor, for their guidance, motivation, and input throughout the thesis research process, ensuring its successful completion.
4. Andika Dewangga Yudha for the support and encouragement provided during challenging times. The presence has been a source of strength, enabling the author to complete this thesis with determination and perseverance.
5. All friends who cannot be individually mentioned. The encouragement and prayers have been a source of strength, enabling the completion of this thesis.
6. All lecturers at Telkom University and all Telkom University staff who have provided knowledge, the best experiences, assistance, and support that support the author in completing the thesis research.

Finally, the assistance and support provided by all parties cannot be repaid adequately. The author can only offer their sincerest prayers in gratitude to everyone involved. May Allah SWT continually bestow His protection and reward the goodness of all those who contributed. Aamiin Yaa Rabbal'Alamiin.
