

DEDICATION

I humbly dedicate this thesis to my family who have been a solid pillar in my life. Thank you for the limitless love, support, and sacrifice you have given. Without you, this achievement would not have been possible.

I also dedicate this thesis to my good friends, who have supported and strengthened me throughout this academic journey. Thank you for your motivation, constructive discussions, and moral support. You have made my every step in completing this thesis more meaningful.

Finally, I would like to express my deepest gratitude to all those who have contributed and inspired me in writing this thesis. Hopefully, this work can benefit many people and can be part of my small contribution to science. Thank you for all the prayers and positive encouragement that have accompanied my journey.

ACKNOWLEDGMENTS

This thesis is compiled with the effort, help, and support from individuals. I would like to express my deepest gratitude and thanks to:

1. First, I would like to express my deepest gratitude to my thesis advisor, Mr. Dr. Z.K. Abdurahman Baizal, S.Si., M.Kom, for his invaluable guidance, unwavering support, and insightful input throughout this research. Their expertise and encouragement were instrumental in shaping this thesis and my academic journey.
2. I am also very grateful to Mrs. Dr. Setyorini, S.T., M.T. for their encouragement and support. Their confidence in my abilities and their willingness to provide resources and guidance have contributed significantly to the completion of this thesis.
3. Furthermore, I extend my sincere appreciation to my friends who have traveled with me throughout my studies. Their discussions and shared experiences have enriched my learning and made difficult times more manageable. Their friendship has been a source of strength and motivation.
