
LIST OF FIGURES

Figure 1 The conceptual framework.....	3
Figure 2 The system design	9
Figure 3 The distribution of interacting and non-interacting pairs	10
Figure 4 The overview of raw dataset (a) and processed dataset (b).....	10
Figure 5 Firefly Algorithm flowchart adapted from [15]	12
Figure 6 The sample distributions in train and test Set.....	17
Figure 7 The convergence plot of alpha experiment 1.....	19
Figure 8 The under-sampler result of alpha experiment 1.....	20
Figure 9 The convergence plot of alpha experiment 2.....	20
Figure 10 The under-sampler result of alpha experiment 2.....	21
Figure 11 The convergence plot of alpha experiment 3.....	21
Figure 12 The under-sampler result of alpha experiment 3.....	22
Figure 13 The convergence plot of beta experiment 1	23
Figure 14 The under-sampler result of beta experiment 1	23
Figure 15 The convergence plot of beta experiment 2.....	24
Figure 16 The under-sampler result of beta experiment 2	24
Figure 17 The convergence and distribution result of beta Experiment 3	25
Figure 18 The convergence and distribution result of gamma experiment 1.....	26
Figure 19 The convergence and distribution result of gamma experiment 2.....	26
Figure 20 The convergence and distribution result of gamma experiment 3.....	27
