

ACKNOWLEDGMENTS

I want to express my gratitude to all those who have contributed to and helped me in the completion of my thesis. The entire process has been challenging. Thank you to the numerous individuals.

1. The first person is my supervisor, Mr. Isman Kurniawan, PhD, who has guided taught me the completion of my thesis. Your kindness will not be forgotten. Your insights and feedback have been invaluable and significance enhanced the quality of my work
2. To my parents, dr. Namora Purba and dr. Lusi Novianti, MPH, who always prayed for successful completion of my thesis. Your unwavering support and encouragement have been my constant source of strength and motivation
3. Mrs. Dr. Setyorini, S.T, M.T, as the head of Master of Informatics program, who always motivated us to complete our theses. Your leadership and dedication to our success have inspired us to strive for excellence.
4. Special thanks to Ghina Khoerunnisa, S.Kom, my closest friend since our bachelor studies, for your constant support and encouragement throughout the thesis process.
5. Sincere thanks to Nuril Kaunaini Rofiatunnajah, S.Kom, Nida Khairunnisa Kusumawardahani, S. T, and Medina Diani Nastiti, S.Kom, who I had pleasure of meeting during my master's studies, for their continued friendship and support during the completion of my thesis.
