

ACKNOWLEDGEMENT

This thesis could not be completed without help, support, guidance, and prayers from various parties. Therefore, on this occasion, I would like to express the deepest gratitude and thanks to:

1. Allah SWT has given me grace, guidance, and convenience through blessing and permission from Allah, I was able to complete this thesis with all the best effort.
2. Abd Rahman and Andi Ramlah, as my parents, have raised and educated them well and with love.
3. Prof. Dr. Ir. Rendy Munadi., M.T. as my supervisor and Mrs. Gita Indah Hapsari, S.T., M.T., as my co-supervisor, has taken the time, provided input and solutions, and guided me to complete this thesis. The author wants to sincerely thank you for your guidance, the knowledge you have shared, the tools that you have gave me to use for measuring ranging indoor positioning. I hope your support and encouragement and lesson will be stay for a lifetime.
4. My examiner Mr. Yudha Purwanto has given me precious time to learn more about my thesis. Thank you, I hope this lesson could be bring me to successful in the future.
5. Rismayanti is my best best best sister of mine who always remind me to contact my supervisor, support me when I am down, and always be there for me, Thank you.
6. All my friends in Telkom University, especially Pak yos, who always gave me support and motivation to complete this thesis, Bang Fikri who gave me knowledge about positioning, Mas Chandra who helps me to complete this program and do a positioning, Mba ida who always ask for my situation and guide me about academic requirements. This is really meaningful for me.
7. All of my friends that I cannot mention one by one. Thank you so much for your support.
