

DEDICATION

This thesis was prepared with the support of my family. I praise GOD and express my gratitude to all parties who have helped, guided, and supported this work. I dedicate this work to my beloved father, mother, and grandmother. Special thanks to my supervisor Assoc. Prof. Dr. Putu Harry Gunawan and my colleague Zevira, who have supported and provided valuable input for this research. Finally, I dedicate this thesis to all informatics students around the world. I hope this research can provide valuable contributions to Computer Science.

ACKNOWLEDGMENTS

This thesis is compiled with the effort, help, and support from both students and lecturers. I would like to express my deepest gratitude and thanks to:

1. Allah SWT, for His blessings, guidance, and strength that have enabled me to complete this thesis.
2. My family, for their endless support and encouragement throughout my academic journey.
3. My supervisor, for his invaluable guidance, insightful feedback, and continuous support during the research process.
4. All my friends and colleagues, for their support, cooperation, and inspiring discussions that have enriched this research.
5. The faculty members of the Informatics Department, for their dedication and knowledge shared throughout my studies.
