

PREFACE

In the process of preparing this book, the author would like to express all praise and gratitude to Allah SWT, as through His mercy and blessings, the author has been able to complete the writing of this thesis titled **METAHEURISTIC-BASED CHANNEL SELECTION PROCESS FOR EVENT RELATED POTENTIAL CLASSIFICATION ON PROBLEMATIC ONLINE GAMERS USING ELECTROENCEPHALOGRAPH SIGNALS**. This thesis was written to fulfill one of the graduation requirements for the Master's Program in Electrical Engineering at Telkom University. This thesis is also dedicated to researchers who have an interest in the development of neuropsychology.

The author acknowledges that this thesis is far from perfect. Therefore, the author welcomes constructive criticism and suggestions from all parties. In conclusion, the author hopes that God Almighty will reward the kindness of all those who have contributed to the writing process. The author hopes that this thesis will be useful for developing knowledge.
