

ACKNOWLEDGMENTS

In writing this thesis, the author would like to express gratitude to all the parties involved who have provided guidance, assistance, and encouragement so that this thesis can be completed. On this occasion, the author would like to extend the sincerest thanks to:

1. Allah SWT for granting the author mercy, opportunity, and ability to complete this thesis.
2. The Author's beloved parents and family always offer prayers and support to complete this thesis.
3. Dr. Inung Wijayanto, S.T., M.T., as the first supervisor, for the guidance, assistance, direction, and advice with patience throughout the process of writing this thesis until its completion.
4. Dr. Sugondo Hadiyoso, S.T., M.T., as the second supervisor, for the guidance, assistance, direction, and advice with patience throughout the process of writing this thesis until its completion.
5. The Faculty of Psychology at Universitas Islam Bandung (Unisba), as a partner in assisting the research process for this thesis.
6. Relatives and all parties who have contributed to helping the author complete the writing of this thesis, who cannot all be mentioned one by one.

Perhaps that all is what the author can say. I do appologize if there is a misspelled for name and titles. For the parties who missed from the above gratitude, the author apologizes profusely for the negligence. May Allah the All-Knowing, whom nothing escapes His control, record your kindness and reward it with the best possible reward.
