|              |                                                                                      |     |
|--------------|--------------------------------------------------------------------------------------|-----|
| Gambar 3. 1  | Arsitektur system kerja Yolo v4 .....                                                | 24  |
| Gambar 3. 2  | Matriks pada algoritma YOLO v4 tiny .....                                            | 26  |
| Gambar 3. 3  | Grafik spesifikasi algoritma YOLO v4 tiny .....                                      | 27  |
| Gambar 3. 4  | Data set “mask detection” .....                                                      | 28  |
| Gambar 3. 5  | Arsitektur R-Faster CNN .....                                                        | 29  |
| Gambar 3. 6  | Grafik classification loss, localization loss, dan total loss .....                  | 30  |
| Gambar 3. 7  | Arsitektur SSD .....                                                                 | 31  |
| Gambar 3. 8  | Matriks algoritma Mobilenet-SSD .....                                                | 32  |
| Gambar 3. 9  | Inferensi SSD-Mobilenet dalam mendeteksi objek jalan .....                           | 33  |
| Gambar 3. 10 | Rumus Hubungan jarak dengan tegangan .....                                           | 34  |
| Gambar 3. 11 | Rumus Mengukur Jarak .....                                                           | 35  |
| Gambar 3. 12 | Raspberry Pi 4B Aktivitas Berat, Aktivitas Sedang, Aktivitas Ringan .....            | 38  |
| Gambar 3. 13 | Aktivitas NVIDIA Jetson Nano Developer Kit .....                                     | 39  |
| Gambar 3. 14 | Perbandingan aktivitas NVIDIA jetson Nano Developer Kit dengan Raspberry Pi 4B ..... | 40  |
| Gambar 3. 15 | <i>Flowchart</i> Sistem Tongkat Pintar .....                                         | 48  |
| Gambar 3. 16 | <i>Sequence Diagram</i> Website .....                                                | 49  |
| Gambar 3. 17 | <i>Use Case Diagram</i> .....                                                        | 50  |
| Gambar 3. 18 | Tampak Samping Kanan .....                                                           | 51  |
| Gambar 3. 19 | Tampak Depan .....                                                                   | 51  |
| Gambar 3. 20 | Tampak Samping Kiri .....                                                            | 51  |
| Gambar 3. 21 | Halaman <i>Login</i> .....                                                           | 52  |
| Gambar 3. 22 | Halaman Sign In .....                                                                | 52  |
| Gambar 3. 23 | Halaman Monitoring .....                                                             | 52  |
| Gambar 3. 24 | Halaman Tampilan <i>User</i> .....                                                   | 52  |
| Gambar 3. 25 | Halaman Lupa <i>PASS</i> word .....                                                  | 52  |
| Gambar 3. 26 | Halaman Ganti <i>PASS</i> word .....                                                 | 52  |
| Gambar 4. 1  | Perhitungan Daya .....                                                               | 81  |
| Gambar 4. 2  | Tombol Power di Tongkat .....                                                        | 82  |
| Gambar 4. 3  | Halaman <i>Login User</i> .....                                                      | 83  |
| Gambar 4. 4  | Monitoring Pengguna .....                                                            | 83  |
| Gambar 4. 5  | Info Cuaca .....                                                                     | 84  |
| Gambar 4. 6  | Tampilan <i>Logout</i> .....                                                         | 84  |
| Gambar 4. 7  | Tombol Ganti Tema .....                                                              | 84  |
| Gambar 4. 8  | Tampilan Tema Berganti .....                                                         | 85  |
| Gambar 4. 9  | Tampilan live <i>Tracking</i> .....                                                  | 85  |
| Gambar 5. 1  | Hasil <i>Beta Testing</i> Monitoring Web Tongkat Pintar .....                        | 100 |
| Gambar 5. 2  | Total Keseluruhan <i>Beta Testing</i> Monitoring Web Tongkat Pintar .....            | 100 |
| Gambar 5. 3  | Pengujian HCSR-04 .....                                                              | 103 |
| Gambar 5. 4  | Dokumentasi UAT Device di SLBN Cimahi .....                                          | 105 |
| Gambar 5. 5  | UAT Web .....                                                                        | 105 |
| Gambar 5. 6  | UAT Computing Pararel .....                                                          | 106 |
| Gambar 5. 7  | Inferensi .....                                                                      | 113 |
| Gambar 5. 8  | Inferensi .....                                                                      | 113 |
| Gambar 5. 9  | Inferensi .....                                                                      | 113 |
| Gambar 5. 10 | Inferensi .....                                                                      | 113 |
