

## DAFTAR GAMBAR

|                                                                            |    |
|----------------------------------------------------------------------------|----|
| Gambar 1. 1 Path Planning.....                                             | 3  |
| Gambar 1. 2 SLAM.....                                                      | 4  |
| Gambar 3. 1 LiDAR.....                                                     | 13 |
| Gambar 3. 2 Sensor Ultrasonic .....                                        | 15 |
| Gambar 3. 3 RPLiDAR.....                                                   | 17 |
| Gambar 3. 4 Blok Diagram Sistem .....                                      | 22 |
| Gambar 3. 5 Flowchart Sistem Mapping .....                                 | 23 |
| Gambar 3. 8 Desain Perangkat Keras .....                                   | 24 |
| Gambar 4. 1 Pkode RPLiDAR A2 .....                                         | 28 |
| Gambar 4. 2 Raspberry Pi 4 Model B.....                                    | 28 |
| Gambar 4. 3 Implementasi Visual.....                                       | 29 |
| Gambar 4. 4 Flowchart Proses Area Navigasi .....                           | 32 |
| Gambar 4. 5 Flowchart Pembuatan Jalur .....                                | 34 |
| Gambar 4. 6 File yaml & pgm .....                                          | 35 |
| Gambar 4. 7 "Map_Read.P.y".....                                            | 35 |
| Gambar 4. 8 "KNN_Path.py".....                                             | 36 |
| Gambar 4. 9 KNN Path Correction.....                                       | 36 |
| Gambar 4. 10 "knn_corrected_path_smoothed.csv".....                        | 37 |
| Gambar 4. 11 DBSCAN Path .....                                             | 37 |
| Gambar 4. 12 Path with Cluster Priority.....                               | 38 |
| Gambar 5. 1 Pengukuran Jarak .....                                         | 40 |
| Gambar 5. 2 Hasil pengukuran dengan RPLidar (0 °,30 cm) .....              | 41 |
| Gambar 5. 3 Hasil pengukuran dengan alat pengukur manual (0 °,30 cm) ..... | 41 |
| Gambar 5. 4 Hasil pengukuran dengan RPLidar (0 °,60 cm) .....              | 42 |
| Gambar 5. 5 Hasil pengukuran dengan alat pengukur manual (0 °,60 cm) ..... | 42 |
| Gambar 5. 6 Hasil pengukuran dengan RPLidar (45 °,30 cm) .....             | 43 |
| Gambar 5. 7 Hasil pengukuran manual (45 °,30 cm).....                      | 43 |
| Gambar 5. 8 Hasil pengukuran (90 °,30 cm) .....                            | 44 |
| Gambar 5. 9 Hasil pengukuran (90°,60 cm) .....                             | 44 |
| Gambar 5. 10 Hasil pengukuran (135°,30 cm) .....                           | 45 |
| Gambar 5. 11 Hasil pengukuran (135°,60 cm) .....                           | 45 |
| Gambar 5. 12 Hasil pengukuran (180°,30 cm) .....                           | 46 |

|                                                       |    |
|-------------------------------------------------------|----|
| Gambar 5. 13 Hasil pengukuran (225°,30 cm) .....      | 46 |
| Gambar 5. 14 Hasil pengukuran (270°,30 cm) .....      | 47 |
| Gambar 5. 15 Hasil pengukuran (225°,60 cm) .....      | 47 |
| Gambar 5. 16 Hasil pengukuran (270°,60 cm) .....      | 48 |
| Gambar 5. 17 Hasil pengukuran (315°,30 cm) .....      | 48 |
| Gambar 5. 18 Hasil pengukuran (315°,60 cm) .....      | 49 |
| Gambar 5. 19 Hasil pengukuran jarak 0° .....          | 55 |
| Gambar 5. 20 Hasil Pengukuran Jarak 45° .....         | 56 |
| Gambar 5. 21 Hasil Pengukuran Jarak 90° .....         | 57 |
| Gambar 5. 22 Hasil Pengukuran Jarak 135° .....        | 58 |
| Gambar 5. 23 Hasil Pengukuran Jarak 180° .....        | 59 |
| Gambar 5. 24 Hasil Pengukuran Jarak 225° .....        | 60 |
| Gambar 5. 25 Hasil Pengukuran Jarak 270° .....        | 61 |
| Gambar 5. 26 Hasil Pengukuran Jarak 315° .....        | 62 |
| Gambar 5. 27 Visualisasi perbandingan pengukuran..... | 67 |
| Gambar 5. 28 Grafik error Pengukuran.....             | 67 |
| Gambar 5. 29 Hasil pengujian <i>mapping</i> .....     | 68 |
| Gambar 5. 30 pengujian <i>mapping</i> 1 .....         | 69 |
| Gambar 5. 31 pengujian <i>mapping</i> 2 .....         | 69 |
| Gambar 5. 32 pengujian <i>mapping</i> 3 .....         | 70 |
| Gambar 5. 33 pengujian <i>mapping</i> 4 .....         | 70 |
| Gambar 5. 34 Pengujian <i>mapping</i> 5 .....         | 70 |
| Gambar 5. 35 Simulasi Pengujian Lokalisasi .....      | 72 |
| Gambar 5. 36 Simulasi Navigasi.....                   | 78 |
| Gambar 5. 37 Skenario 2 pengujian simulasi 2 .....    | 79 |
| Gambar 5. 38 Jarak grafik skenario 2 .....            | 79 |
| Gambar 5. 39 Skenario 3 pengujian simulasi 2 .....    | 79 |
| Gambar 5. 40 Jarak grafik skenario 3 .....            | 80 |
| Gambar 5. 41 Skenario 3, Rute penuh .....             | 80 |
| Gambar 5. 42 Jarak grafik rute penuh.....             | 80 |
| Gambar 5. 43 Skenario 3, 2 obstacle .....             | 81 |
| Gambar 5. 44 Jarak grafik rute obstacle.....          | 81 |
| Gambar 5. 45 Skenario 1, 4 Rute penuh .....           | 81 |
| Gambar 5. 46 Skenario 1 Jarak rute penuh .....        | 82 |

|                                                   |    |
|---------------------------------------------------|----|
| Gambar 5. 47 Skenario 1, 4 obstacle .....         | 82 |
| Gambar 5. 48 Skenario 1 Jarak rute obstacle ..... | 82 |
